Subject: Falcon Refinery (06MC) - Information for next Site pre-briefing to managers (prep for briefing to Carl/Pam + needed information to prepare a general notice letter to be sent to LTRI)
Date: Wednesday, January 14, 2015 4:32:45 PM

Needed information for next Tuesday's pre-briefing:

- Does Susan have available funds for you to use if EPA takes over the removal action?
- Your \$ estimate of EPA's cost to complete removal action.

Needed information by Friday (01/16) for the general notice letter:

- Identification of tanks on site with weaken conditions (tank number(s) 26, 27, ??). Is this info already in your POLREPS?
- Description of tanks on site with weaken conditions (tank number(s) 26, 27, ??). Is this info already in your POLREPS?
- Identification/quantities of hazardous substances in tanks on site with weaken conditions
- Need description(s) of weaken tank(s) to include :
 - 1 – Narrative identification of tank(s) in condition(s) that warrant consideration as being an eminent substantial endangerment to the environment in the event of high winds, hurricanes, tornados, etc.
 - 2 – Current picture(s) of tank(s) in condition(s) that warrant consideration as being an eminent substantial endangerment to the environment in the event of high winds, hurricanes, tornados, etc.
